OBJECTIVE

Innovative software developer with a strong foundation in crafting well-designed code. Dedicated to collaborative teamwork, continuous growth, and contributing to creating exceptional software solutions that drive user satisfaction

EDUCATION

B.Tech in Computer Science, Galgotias University

2020 - 2024, CGPA- 8.04

SKILLS

Technical Skills	HTML, CSS, React.js
Languages	Java, JavaScript
Core Fundamentals	Data Structures and Algorithms

PROJECTS

E-Commerce Website. ([Try it here](#))

- **Dynamic Cart Management:** Implemented real-time updates for the cart icon and cart page, including quantity adjustments and automatic total price recalculations.
- **Seamless User Experience:** Developed an intuitive product display and navigation system, enhancing user interaction and engagement.
- **Interactive UI Features:** Enabled responsive cart functionalities with +1 and -1 buttons, ensuring easy and efficient cart content management.

Video Streaming Website. ([Try it here](#))

- Developed a video streaming platform consisting of landing page, profile creation page, home page and my list page.
- Created a search bar on the home page for filtering out a particular movie according to the user preference.
- Created two sliders on the home page, where users can slide left or right by clicking on the arrow button.
- Enable a user to add his favourite movie in the my list page where he/she can add or remove movies.
- Added a functionality to Create, Delete, Add and Edit a profile and also a user can create multiple profiles and every time a user create a profile a new icon appears in his/her profile.
- Added a functionality to add a new trailer below the nav-bar every time a user refresh a page.
- Added a functionality so that whenever a user hovers on a particular movie a trailer appears.

ACHIVEMENTS

- Solved 70+ coding questions on different platforms.
- Ranked among top 35 coders in Wipro Talent Next programme - The Programme was conducted in our College in which we have to solve basic DSA questions, which requires problem solving skills.
- Completed Infosys springboard certification in Java Data structure and algorithms.

HOBBIES

- Reading novels.
- Problem Solving
